

ITEM: OFN3

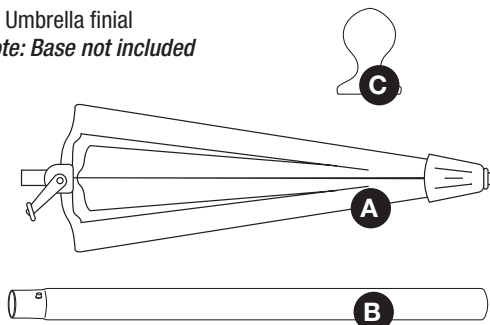

Patio Umbrella OFN3

# 7.5' Patio Umbrella

**Parts Include:**

- A. Umbrella with ratchet handle and tie
  - B. Pole
  - C. Umbrella finial
- Note: Base not included*

**GREAT AMERICAN'S PATIO UMBRELLA:**

- ★ Assembles in minutes!
- ★ Stain- and fade-resistant, 100% polyester umbrella is easy to clean!

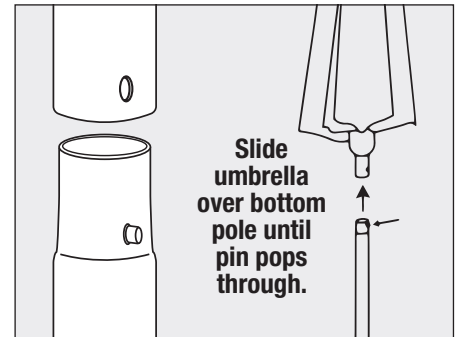

**Umbrella Assembly:**

1. Begin by screwing the finial (C) onto the top of umbrella (A) until secure.

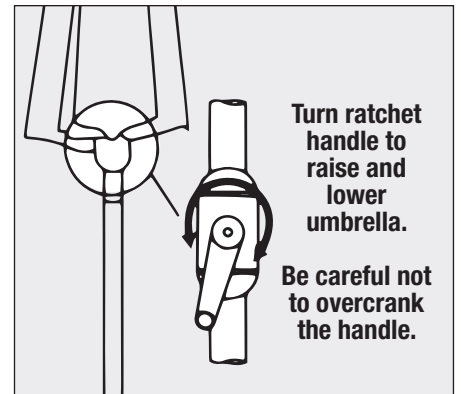

2. Locate the pin on the tapered end of the umbrella pole (B) and align it with the hole at the base of the umbrella. Slide the umbrella onto the pole until the pin is locked into place.

3. Place the umbrella (in the closed position) into a table or base for use (not included).

**Umbrella Usage:**

1. To open the umbrella, crank the ratchet handle to expand the umbrella. Be careful not to over crank the handle. When you begin to feel tension, the umbrella is fully extended.

2. To tilt the top of the umbrella, push the button at the top joint (about 12" from the top) and tilt the umbrella to the desired angle.

3. Make sure to bring the umbrella to the straight position before closing it.

4. It is recommended to lower the umbrella and tie it off with the attached tie in inclement weather.
